100 PERSONS ARE KILLED

Wind Storm in Northern Texas and Southern Oklahoma

HUNDREDS INJURED

Dwellings Wrecked and Crops Destroyed—Losses May Reach Millions of Dollars.

Fort Worth, Texas.—April 10.—One hundred and sixty-seven dead, 300 injured and millions of dollars damage to property and crops was the toll exacted by the terrific windstorm that swept northern Texas and southern Oklahoma yesterday and last night.

Many seriously injured are expected to die, adding to the total deaths.

Forth Worth, Texas, April 10.—Wreaking havoc among frail frame dwellings, the terrific wind storm which swept Northern Texas and Southern Oklahoma Tuesday night and early yesterday morning killed upwards of 160 persons, injured several hundred, many of them fatally and caused losses of buildings and crops that will run into the millions of dollars, reports gathered last night indicate.

Rail and wire communications were paralyzed over almost the entire stretch of country and reports of the storm's damage came in slowly and in fragmentary form.

Five members of one family were killed in their home near Mount Pleasant, Texas, and three other members of the family were seriously injured.

Eight persons were killed at Ravenna, Texas, and the first telephone call out of the town was from city marshal Russell, of the town, to a Fort Worth newspaper giving the news and appealing for outside aid in caring for the situation.

A large part of the town was demolished and many were left homeless, including twenty-six seriously injured.

Five negroes were killed and twenty injured, some of them whites, when the storm struck Ashdown, Ark.

Fifteen persons were killed in the vicinity of Winnsboro, Texas, thirteen around Mineola and eight at Tundra, Texas. Other reports of loss of life were:

Durant, Okla., 6; Denison, Tex., ; Woods County, Texas, 4; Ester, Texas, 3; Walters, Okla., 1; San Gelo, Texas, 1; Texarkana, 1; Delia, Texas, 2; Springhill, Texas, 6, and Blue Ridge, Texas; 7, accounting for a total of eighty-nine. Additional reports are expected to bring the total well past 100.

There are indications that the injured total will reach 300, with many so seriously hurt that additional deaths will be added to the loss.

At one or two places the powerful current of wind seemed to be cyclonic in strength, and its onslaught was freakish. It avoided towns of any size, sending its rage upon farm communities.

The storm was accompanied by heavy winds in the south and snowstorms in the north portion of the devastated territory. Rivers and streams were bank full and prospects of a hard freeze Wednesday might add to the seriousness of the disaster. From Childress it was reported that the Pan Handle was covered by a heavy snow with a terrific wind storm blowing the drifts so that it will be impossible to clear railroads for traffic inside of eighteen hours. The Fort Worth and Denver trains were snowbound near Amarillo.

NOSE DIVE FATAL TO FLYER

Lieut. Neely, Seattle, Wash., Killed at Hampton, Va.

Hampton, Va., April 10.—Lieut. John E. Neely, of Seattle, Wash., was instantly killed and Sergt. J. S. Richardson seriously injured yesterday at Langley Field when an airplane which Neely was driving fell from a height of about 250 feet.

Witnesses said Neely attempted a nose dive with his machine when too close to the ground. Neely was 21 years of age. Richardson's address was not given.

Special orchestra for the big production featuring Olive Thomas in "Toton," at the Grand Theatre tomorrow matinee and night.

ATTACKED BY MOB

American Soldiers Brutally Treated by Japanese in China

Washington, April 10.—American soldiers were brutally attacked by a mob of Japanese soldiers and civilians in Tientsin, China, who unlawfully invaded the French concession there for the express purpose of seizing and beating every American—whether soldier or civilian—they could find.

This and many other facts concerning the recent clash in the Chinese city were made known in Washington yesterday, but the State Department declined to discuss the matter, saying that it awaited a complete report from the Japanese government.

Indeed, it was intimated that in view of the rather delicate situation it would be better to treat the matter lightly for the present at least.

The start of the trouble, it was learned, began with the publication in Nichi Nichi, a Japanese paper, of an account detailing the refusal of American troops to fight with Japanese solders in Siberia.

This article, which declared 'Americans favor Bolsheviki." reached Tientsin and inflamed the Japanese populace there, and the first opportunity for violent aggression against Americans was soon taken.

STRIKERS WAR WITH POLICE

Lawrence, Mass., April 10.—Another serious riot in the textile strike broke out here early today in the Syrian quarter.

Two mounted police officers were set upon, one being seriously injured. Several shots were fired before the disturbance was quelled. Five arrests were made. A riot call had to be turned in, 100 policemen being sent to the scene.

EX-KAISER IS HELD RESPONSIBLE

Council of Four Places Blame For War Upon Him

BELGIUM TO TRY CASE

Huns Must Pay $5,000,000,000 In Two Years—Debt Runs For Thirty Years.

Paris, April 10.—The responsibility of the German Emperor for the war and the means for bringing him to trial by one of the Allied Government, probably Belgium, have been definitely determined upon by the Council of Four, which met yesterday afternoon at the Paris "White House." with President Wilson in attendance. This follows the definite decision on the terms of reparation for war damages, whereby $5,000,000,000 must be paid within the next two years, and an inter-Allied commission assess the remaining damage for a period of 30 years, beginning May 1, 1921.

The text of the reparations clause as finally approved by the Council, specifies that enemy countries must admit responsibility for all loss and damage to Allied and associated nations and their citizens due to unjustifiable aggression. Germany is to pay all the expenses of the interallied commission and its staff during the 30 years.

Thus two of the great obstacles which stood in the path of the rapid attainment of peace have been removed within the last 24 hours, and the period of extreme tension over the inaction and the failure to secure tangible results is succeeded by revived confidence over the great advance made towards a permanent settlement.

How far these results are due to the intimations conveyed by the summoning to France of the United States Transport George Washington by President Wilson is only conjectural But it is at least a coincidence that the main difficulties began to dissolve from the time that this decision became known.

Paris, April 10.—The "big four" it was learned yesterday afternoon has decided to eliminate the idea of capital punishment for the former Kaiser, but will provide some means for bringing him under allied control.

A decision also has been reached to draw up a strong indictment, pointing out the moral responsibility of Wilhelm and other German leaders for the war.

ENDS HIS LIFE BY SHOOTING

W. E. Maddox of Accotink Kills Self at Home in Fairfax County

DIED INSTANTLY

Gun Placed Against Tree in Yard of Home and Stick Used to Pull the Trigger.

William E. Maddox, forty-four years old, of Accotink, Fairfax county, several miles south of Alexandria, ended his life at his home at that place yesterday by shooting himself with a shotgun.

According to reports Mr. Maddox went into the yard of his residence and used a shotgun. The gun was placed against a tree and a stick was used by Maddox to pull the trigger.

The contents entered the heart death being instantaneous.

The deceased besides his wife, Mrs. Elizabeth Maddox, s survived by five children.

What caused him to end his life is not known.

His funeral will take place at 2 o'clock tomorrow afternoon from his late home.

WORK ENDS THIS WEEK

Lloyd George Expects Finished Draft a Week From Today

Paris, April 10,—Premier Lloyd George will go to London on Monday address Parliament Tuesday and return to Paris on Wednesday, it was announced this afternoon. On his return, it was said, he expects to find the draft of the treaty completed, subject to ratification by a plenary session.

The premier is understood to consider that the Big Four's work will end this week, so far as possible, before the drafting committee takes up the formation of the treaty.

Paris, April 10.—For the first time since President Wilson's arrival in France he yesterday allowed the statement to go forth that "materia progress" has been made at the "big four" conference.

DIED

HARRISON—On April 9, 1919, at the Alexandria Hospital, Alexandria Va., Miss Clara V. Harrison daughter of the late Albert Harrison. Funeral Friday, April 11 from Huntley Farm, Fairfax county, Virginia. Relatives and friends invited to attend.
86-1t.

86-1t.

Special orchestra for the big production featuring Olive Thomas in "Toton," at the Grand Theatre tomorrow matinee and night.

A TRIP AROUND DEAD MAN'S CURVE

The following interesting article is contained in this month's issue of the Monthly Chronicle of the Episcopal High School written by Charles C. Carlin, Jr., son of Hon. and Mrs. Charles C. Carlin, of this city. This is one of a series of articles Mr. Carlin proposes to contribute to this school magazine.

There are many interesting things which happen to one who has the opportunity to be in and around the activities of a European war, especially when it happens to be a world war. There are a good many things that happened that were of extreme interest to me, so I am going to take the liberty of relating one of my earliest experiences, hoping that it will interest those of you who take occasion to read it.

It was in the early part of November, 1918, that I had an opportunity to visit the front and, being lucky enough to secure an army car and a guide for that purpose. I lost no time in making preparations for my journey. It was on a beautiful morning that we drove through the streets of the French capital, on out into the rural sections of "La Belle France" which is surely properly named. Never in my life had I seen such color or such richness of soil as that which stretched out before us far as eye could reach. It was indeed difficult to believe that war could be raging so close at hand but I was destined to appreciate the reality of that statement long before my ride was ended.

We had many a kilometer to cover before we reached the Billeu woods where a part of the American and French troops were stationed. The car which I mentioned before, being a Cadillac and knowing the type of driver employed by the American Army. I had little fear of not reaching my destination before night fall. Provided, of course that we were lucky enough to dodge a few shells which might happen to cross our path.

As our ride progressed. I was particularly impressed by the scarcity of men, horses, and cattle. The work was being done by the women and young children, occasionally I saw an old man or a cripple doing his bit. I could not but wonder at their cheerfulness. Then, I knew but little of the wonderful spirit of patriotism and self-sacrifice of the French people, which had enabled them to stand for four years against the German Army.

I soon began to see evidences of war. Cripples, refugees, sick and wounded, shelled towns, ruined crops, everything took on an aspect of horror and suffering. That was my first sight of the fruits of war and at last I began to realize things that I had not been able to grasp by reading, hearsay, or even motion pictures. Miles and miles of ruined towns and depressing sights were covered before we reached the so-called war zone.

The roads from here on were all screened in by camouflaged trees and shrubberies and were to a large extent rather cut up by shell holes. You could almost imagine that you were in a theater, had it not been for the occasional stray shells which often hit uncomfortably close. On and on we pushed, passing troops, munition and supply trains, some coming, some going, there seemed to be no end of them. As we drew nearer our destination we had to stop quite frequently to clear the road of both dead men and horses. The fields everywhere were covered with graves and men still unburied. I tell you it is quite a strange feeling for one not accustomed to such scenes to be suddenly thrown in an atmosphere of continual horror.

At last we reached "Dead Man's Curve," which, by the way, is very appropriately named. The Germans had a gun trained upon that particular spot and had made it impossible for any camouflage to be erected, and had succeeded in making it difficult for supply trains or anything else to cross the opening Nevertheless we had to cross it and I for one wasn't particularly pleased with the prospects. The driver brought the car to a stop some yards from the curve and proceeded to light a cigarette. We then tried to discover how regular the shots were, but were not very successful. The driver waited until they fired one more shot and then "opened her up," as he afterward expressed it.

We had barely covered the distance around that shell torn curve, when another explosion followed. It must have been a pretty good shot for it broke all the glass in the car and shook us considerably. I don't know how I ever lived through it, but I have a vague recollection of sensations which I imagine are similar, to be shaken by an earthquake, or of the world coming to an end. I don't think that I shall forget it the rest of my life.

After that the ride seemed rather tame, but I was glad when we reached our destination and were comfortably eating our chunk of bread which we washed down with a little sour wine.

Far be it from me to sneer at such a meal for it seemed like a royal banquet that night and many others which were to follow.

CHARLES C. CARLIN, Jr.

ALL READY FOR MASS MEETING

New Plan of City Government Will be Discussed Before Citizens

CITIZENS ARE INVITED

Organization May be Perfected to Have Matter Submitted to Electorate of City at an Early Date.

A great interest is being evidenced in the mass meeting to be held tomorrow night in the Opera House to discuss the matter of adopting a plan to put the affairs of the city on a business basis, and it is hoped by the temporary steering committee that every tax payer and voter will make it a point to be present, and get what information he can on this subject, which is vitally important to his interest.

This meeting has been arranged so as to give every taxpayer and voter an opportunity to hear about a plan of administration of city government that has been adopted by one hundred and thirty-two American cities, and which has been adopted by eleven Virginia cities and towns. Bristol and Suffolk, Virginia, having been added to the list in the last few weeks.

After hearing this plan discussed, if the voters and taxpayers attending this meeting think it proper an organization will be perfected to arrange to have the matter submitted to call an election, and submit the question of a change to the decision of the voters and taxpayers.

HIGH SCHOOL PLAY

Tonight and tomorrow night the Alexandria High School players will go on the board in 'The Importance of Being Earnest," a highly entertaining comedy of English life by Oscar Wilde For the past few weeks, the students who will participate in the play have worked early and late and have devoted most of their spare time to rehearsals in the hope of presenting a credible performance. They have been trained under the direction of an able coach. Cast of characters follows:

John Worthing, of the Manor House, Wooton, Hertfordsshire, Purvis Downham; Algernon Moncrief, his friend, Herbert Knight; Rev. Canon Chasuble, D. D., Rector of Wooton, Frederick West; Merriman, butler to Mr. Worthing, Milton Stonnell; Lane Mr. Moncrief's man-servant, Magnus Bales; Lady Bracknell, Miss Mildred Lloyd; Hon. Gwendoline Fairfax, her daughter, Miss Hilda Noonan; Cecily Cardew, John Worthing's ward, Miss Nancy Wattles; Miss Prism, Miss Lynda Carver; Musical selections will be given by High School talent.

AUSTRIA REPUDIATES PEACE OF TRUCE

London, April 10.—The Italian have demanded a reduction of Austria's armed forces in compliance with the armistice, but Austria has replied that the armistice was concluded with the old monarchy and does not bind the present government of German-Austria, said an Exchange Telegraph dispatch from Vienna today.

SCHEDULE CHANGE SOUTHERN RAILROAD

Effective Sunday, April 13, train No. 29, (Birmingham Special), will leave Alexandria 2:57 P. M.
86-2t.

MRS. GOMPERS NEAR DEATH

Labor President's Wife Paralytic Victim—Husband on Way to U. S.

Mrs. Samuel Gompers, wife of the president of the American Federation of Labor, is critically ill at the home of her son, Albert Gompers, in New York. Mr. Gompers is returning from Europe on the Holland America liner Rotterdam, due to reach New York this evening. It is feared Mrs. Gompers will die before he can reach her bedside.

Samuel J. Gompers, another son chief clerk of the Department of Labor, received a telegram yesterday, saying that his mother had suffered two paralytic strokes. He left for New York immediately.

MOTHER ATTEMPTS SUICIDE

Worry Over Son With A. E. F., Ascribed as Cause

Her mind unbalanced over long worry about her son, who is in France with the A. E. F., Mrs. Helen Frye, 53, 476 I street southwest, Washington, attempted suicide yesterday by jumping from a wharf in to the river at the foot of L street southwest yesterday.

The woman's deed was witnessed by Capt. Harry Slye, of the steamer Northumberland, who dived into the water and rescued her. She was taken to Emergency Hospital and was later removed to the Washington Asylum Hospital. Her condition is not serious.

Cherry is the wood most used as a backing for the metal plates from which illustrations are printed in magazines and periodicals. It is chosen above all others because it holds its shape, does not warp or twist, works smoothly and does not split.

STEWARDS CHOSEN BY M. E. CHURCH

N. S. Greenaway President of Official Board to Serve For Coming Year

A PROSPEROUS YEAR

Reports Made by Various Committees Received by Board and New Organization Effected.

The board of stewards of the M. E. Church South held its annual meeting in that church last night and ended the business for the conference year just closed and organized by the election of officers for the new conference year.

Reports were made by the various officers which showed that the church during the past year was unusually prosperous.

These officers were elected for the year: Nevell S. Greenaway, president; C. E. Dare, vice president; Dr. S. E. Outcalt, treasurer; J. E. Alexander, secretary; J. Frank Myers, asssitant secretary.

Committee on finance—C. E. Dare, chairman; Alvin Powell, J. Frank Myers, N. S. Greenaway, T. Moxley Ervin, C. T. Nicholson.

Committee in charge of Young People's Building—John G. Cockey, Dr. C. E. Outcalt and Wilbur C. Baggett.

SURGEONS SAIL ON PRESIDENT'S SHIP

New York, April 10.—Much speculation was caused here today by the announcement that two noted surgeons had been ordered by the Navy Department to proceed to Hoboken to embark on the George Washington, which is leaving for Brest at once at President Wilson's order. No explanation was given for the orders. The George Washington will depart from Hoboken at 4:30 o'clock this afternoon.

The surgeons who will be among the George Washington's passengers are Dr. J. Chalmers Dacosta, chief surgeon of the Jefferson Hospital at Philadelphia, and Dr. Samuel D. Gross, professor of surgery in Jefferson Medical College. Both are ranked among the leading surgeons of the country.

Special orchestra for the big production featuring Olive Thomas in "Toton," at the Grand Theatre tomorrow matinee and night.

Norfolk and River Oysters, Jacob Brill, foot of King Street. 86-3t

NEWS OF CITY TOLD IN BRIEF

Mr. Charles S. Stoler, a former resident, now located in Philadelphia, was a visitor here today.

A prayer meeing will be held at 2 o'clock tomorrow afternoon at the Anne Lee Memorial Home of the Aged.

Otto B. Hopkins has sold to Marion R. Schelhorn and Antone Schelhorn, her husband, house and lot 614 North Washington street.

In the Corporation Court today Mrs. Cammile L. Garvey was appointed guardian of her four infant children.

Hon. C. C. Carlin will lecture tonight at Odd Fellows' Hall for Seminole Tribe of Red Men and their families. Admission will be by ticket. Subject, "While Over There."

Miss Clara V. Harrison, daughter of the late Albert W. Harrison, died yesterday at the Alexandria Hospital. Her funeral will take place at 3 o'clock tomorrow afternoon from Huntley Farm, Fairfax county.

The State Corporation Commission has granted a charter to the Pocahontas Garage Corporation, Alexandria. Maximum capital stock, $5,000; minmum, $1.000. Purposes: automobile business. J. M. K. Norton, president; A. T. Peake, secretary, and H. Noel Garner—all of Alexandria.

Grant Hawkins and Rev. R. B. Robinson have purchased from M. B. Harlow two building lots on North Alfred street on which it is announced they will erect a building as a reading room in memory of the colored soldiers who died in France. A fair for the fund has been opened at Shaw Chapel.

Lieut. Berryman Green, son of Rev. Dr. and Mrs. Berryman Green, of the Episcopal Theological Seminary, who has been stationed at the University of Virginia Base Hospital near Paris, has been ordered to report to the U. S. Military Mission, Berlin, Germany. as visiting physician through the Russian prison camp throughout Southern Germany.

ANNOUNCEMENT

Herndon, Va., April 1, 1919.

I hereby announce my candidacy for the democratic nomination for Representative to Congress from the Eighth Congressinal District of Virginia, at the Special Primary to be held April 22, 1919.

In as much as the approaching election in its final analysis is nothing more than a conclusion of the campaign begun last summer. I do not feel like giving up in the middle of the contest and yielding the honor to a stranger to that campaign; a campaign in which I met, and discussed the issues with, over seven thousand voters. That the voters themselves are of the same convictions is evidenced by the urgent demands of these voters that I continue the fight to its conclusion.

I have spent my whole life among the people of the Eighth District and know, and have shared with them, all their problems and interests. I have had the privilege of assisting them, in their struggle against Special Interests—my work before the Interstate Commerce Commission, where I always represented the individual shipper as against the Railroads in his fight against discriminatory freight and passenger rates being a concrete example.

And, my interests having always been identical with those of the Working Man—the Farmer, the Merchant, the Mechanic—I shall, if elected, enter upon my duties with these same interests influencing my official acts.

H. EARLTON HANES.
86-1t.

WOMAN GETS ONE CENT VERDICT

Rockville, Md., April 10.—In a suit for $5,000 damages against the Glen Echo Park Amusement Company, Mrs. Sallie O. Hantzmann, of Alexandria, Va., was given judgment for one cent in circuit court here. Labor Day last year Mrs. Hantzmann was injured on the scenic railway. She alleged negligence on the part of the company.

WAR ON THE CHURCH

Bolshevism is antagonistic to the church. In the home of its birth, Russia, hundreds of bishops, priests and other ecclesisatics have been ruthlessly murdered simply because they were good men and labored to lead others into paths of peace and honesty. These defiers of God and man are spreading over the globe, and should they succeed in securing the whip handle something far more serious than any previous period of religious persecution may be precipitated upon the world.

Several months ago a wild-eyed member of this organization of cutthroats entered a Russian church. He walked up to the chancel and shot the priest to death while he was officiating upon the altar. The fiend then waved his pistol and exclaimed, "Religion is the veriest of humbugs."

Bolshevists are in our own country. They are invading the larger cities teaching doctrines of demons, and aiming to "educate" the rising generation.

Responsibility for the growth of Bolshevism in America was charged against New York city, by Dr. Newell Dwight Hillis in a public address in Washington last night. He said that for a year before his departure for Russia, Trotsky was protected by the city, while making his plans for the overthrow of the Russian government and spreading the Bolshevist doctrine in this country.

A direct outgrowth of Trotsky's teachings, in Dr. Hillis' opinion, was the recent announcement that on July 1, of this year, 3,000 Sunday Schools would be opened in New York and Brooklyn by the Bolshevists, I. W. W.'s and radical Socialists. These schools will be in residences and private halls, he said.

A catechism, printed in the Bohemian language, which will be used in these schools had come into his possession, Dr. Hillis said. The first question an danswer reveal the grave dangers confronting a community which fails to prevent such teachings. They are:

Q. Who is God?

A. God is an invention of the clergy, priests and rabbis to terrorize their poor people and keep them in their place.

EQUALITY OF OPPORTUNITY

The career of Frank W. Woolworth who died this week, is one that stands out most conspicuously at this time in the practical democracy of opportunity in this country. If we listened to the Bolsheviki, we would believe that success and fortune are prizes specially reserved to favored classes.

As the Baltimore Sun says, "here was a man who started with a capital of $50, the laborious savings of years, and died worth $65,000,000. The door of opportunity seemed to be closed to him. But it opened as readily to him as to a millioniare. And it will open to any man who knows how to knock on it.

"This is what Woolworth's life proves, and it is important to emphasize it at a time when Bolshevism is whining that the common man is handicapped in this country. The Woolworth Building in New York is a monument to the equality of opportunity in the United States.

"The equality of opportunity does not mean, however, that everybody is going to succeed. Woolworth became a millionaire, in fact, because he was a millionaire first in ideas. Napoleon's private soldiers carried a marshal's baton in their knapsacks, he said. The captains of industry carry their batons in their brains. And if a man hasn't brains enough to open the door of opportunity, it may be his misfortune, but it is not the fault of society."

MUST OBEY THE LAW

As a result of the present agitation to reduce the large number of traffic accidents in the District of Columbia, a communication has been issued by the War Department informing Major Pullman, superintendent of police, that government chauffeurs will be ordered to carefully observe all traffic regulations, especially the speed law and the regulation against muffler cut outs. Soldier chauffeurs who are arrested for the violators of these traffic regulations will be turned over to the military authorities.

The above may apply to Alexandria as well as to the District of Columbia. Often government automobiles, trucks and motorcycles are run at high rates of speed through our streets. Occasionally these in charge are brought into the Police Court, when they urge in extenuation of their offenses that they were on "official business."

Napoleon prophesied at St. Helena that there would b eno kings in Germany a century after his death—and the history of the last year has fulfilled that prophecy.

DEATH IN BLAZING OIL

Workman Fatally Burned in Explosion of Welding Tank.

Pottstown, Pa., April 10.—A living torch, until his clothes were burned from his body, Lloyd C. Markley met a terrible death here yesterday as the result of an explosion of a crude oil tank.

Markley and Claude P. Myers, employees of the Steel Plate Products Company, were welding one of the large blades of a scrap iron shears by means of crude oil fed from a tank. For some reason the check valve did not work and there was a backfire and tremendous explosion as the flame shot back into the tank. Markley was drenched with oil and set on fire by the sheets of flame which leaped forth. He lived only a few hours. He was 34 years old and leaves a wife and four children.

Although Myers' clothing was saturated with oil he escaped burns, but suffered severe bruises from being hurled against a pile of scrap iron by the explosion.

PARENTS, READ THIS

How a Father Has Learned to Save Shoe Bills.

"My son is very hard on shoes, so keeping him properly shod has been quite an expense to me," writes Mr. J. Allison Allen, of Amity, Arkansas. "But since I started to buy Neolin-soled shoes for him I have found that it costs only about a third as much to keep him in shoes."

This is because Neolin Soles are so tough and durable that they wear a very long time. Shoe bills are kept down because you don't need so many pairs.

You can get Neolin-soled shoes at almost any good shoe store. They come in all styles and for all members of the family. Neolin Soles are also available everywhere for re-soling. They are produced by a scientific process to be what soles ought to be: comfortable, waterproof and long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

DRESS-UP TIME

Easter Will Soon Be Here

We are doing what we think no other credit house on the top of the earth is doing—selling recognized makes of wearing apparel at prices in direct competition with the exclusive cash stores.

You pay only a dollar or two a week here if you have a charge account, think of it! Yet you are given cash prices. Growth of business is proof of the truth of this statement. Big sales, too, that tell of it.

Come in and Get Your Spring and Easter Outfit Now

Pay the Easy Way — You Can Have Credit — Pay the Easy Way

You Real Dressy Young Chaps

You'll find us right up to you to your style—wish on any of our

MEN'S SUITS AT $20 and up

We've got the makes you know about. You can have the cash price others charge and the manufacturers stipulate, for a dollar or two a week. Isn't that going some for celebrated makes and nifty, new, waist-line and skirt-coat models?

A made-to-order tailor doesn't know how to give you the "Klassy Kink" you'll find in these rich, new unfinished worsteds, striped homespun and blue green and brown flannels. They might be able to give you the same fabrics but not the tailoring. It takes the eastern designers, who make a study of this feature, to give you the swagger elegance in craftmanship you see in these suits. Big line of conservative models for the older man, are also shown.

MEN'S SHIRTS

Made of plain and corded madras, fine percales and mercerized cloth. All stout and serviceable. The "wash the best and wear the longest" kind. Rich colorings and striking patterns that are so popular for the new season in abundance. Soft cuff models. Sizes range from 14 to 17.

$1.69 and up

MEN'S HATS

Creeds and codes of fashion shift like a kaleidoscope. Pre-war styles and those of today differ greatly. Just now men's hat styles are more than ever thoroughly Americanized. Spring styles in soft felts, derbies and Panamas ready now. You'll be surprised at our wonderful spring showings at

$3.50 and up

Young Ladies! Get Your Eye on Our Great Fashion Display of Nifty, Pretty and Servicable Dresses at $9.00 and Up

Serges, silks, georgettes and crepe de chines in a glory of colors and craftsmanship. No woman can guess. You'll love them all—they're so different, so much more beautiful than in other seasons.

You simply can't see all this without being overwhelmed with the beauty and variety of it all and what you'll save in dollars here! That'll appeal, too! If you've been around, if you want to see style and quality at tempting prices, see these pretty dresses. No wonder the women of Alexandria and surroundings are selecting their dresses here, where they have hundreds of selections.

WOMEN'S EASTER MILLINERY

Smart hats trimmed with fruits, flowers and fancy feathers. Also barded rough straw sailors as well as fine lisere sailors in black and all the wanted colors—every hat in the assortment worth a good deal more. They are priced—

Utilization of electric current in Spain has increased wonderfully during recent years. In 1908 it was estimated that the hydro-electric force under exploitation amounted to 80,000 horse-power, and at the close of 1917 it was approximately 500,000 horse power.

LEAGUE OF NATIONS

Washington, April 10.—Official Washington is wondering what has become of the league of nations proposal which the President hurriedly returned to Europe to safeguard, and which he repeatedly has declared to be the paramount consideration in the peace now being made, and to which he dedicated all the influence which he has had in Paris, as well as all the prestige which he could muster as the spokesman of the American nation.

Little or nothing has been heard of this issue for ten days or two weeks. More than once it has been pronounced "dead" by certain of the American correspondents now at the peace conference. Others have referred to it only casually, and still others have ignored it entirely. Official communiques have made no mention of it for many days, nor have any of the statmenteers or interview specialists commented upon it.

It is no wonder, therefore, that there should be a measure of perplexity in this city over the probable fate of the covenant, nor any wonder that the debate upon it in this country should have subsided to a large extent. Nobody seems to know what has happened in Paris or whether or not the President will return with a treaty which pledges this country to membership in such a federation as he has championed eloquently and determinedly for more than a year.

BOLSHEVIKI ARMY

Will Mobilize Eight Hundred Thousand Men

If the Bolsheviki launch their threatened spring offensive they will be able to throw a maximum force of 800,000 troops against the allies, according to dependable estimates here.

Original plans laid some time ago by the Bolsheviki military leaders, calling for an army of 1,250,000 by April 1, have failed to materialize.

Details of allied plans for meeting the promised offensive cannot be revealed at this time, but it can be said that they will not necessitate holding the present American troops in northern Russia longer than spring, unless unexpected developments alter present expectations.

Of the 800,000 troops which Lenine is expected to have ready in case he starts his offensive, 496,000 are organized into an active field army and are now in service on the half a dozen fronts in Russia.

SHOT BY VA. POLICEMAN

Automobile Bearing Men to Georgia Contained Liquor

Danville, Va., April 10.—Charles Dobas, a motor mechanic of Baltimore, and William Arrington, of Matthews county, Georgia, are held for the grand jury here on charges of violating the Mann act. The two men were arrested following the finding that an automobile in which they were traveling from Maryland to Georgia contained a large quantity of liquor. A preliminary hearing was granted the men Tuesday and they did not testify. Arrington was shot and wounded by a policeman who was arresting him and a warrant charging assault has been issued against the detective, John R. Tucker. Hearing in this case has been continued until next June because Arrington was unwilling to give evidence against the policeman until the liquor case has been disposed of.

FREEZE CUTS PEACH CROP

Surveys Show Fruit Prospects Cut to 50 Per Cent.

Lynchburg, Va., April 10.—Surveys of peach orchards near Lynchburg show that the freeze last week cut a promising crop to probably less than 50 per cent. of a normal crop. One large orchard, where the temperature remained at 17 degrees for three hours, will have practically no fruit. On another the estimate is that prospects for 25 carloads have been cut to 10 carloads. Another orchard from which 20 cars were expected shows that seven out of 10 blooms have been killed, and half a crop is expected in this orchard.

In the largest orchard near Lynchburg some sections appear to be uninjured while other parts of the same orchard seem to have suffered.

Prospects now are for a large apple crop, as this fruit was not injured in the least by the recent cold.

Corunna is one of the principal ports in Spain for emigration to South America and Cuba. The ambition of the Galician laborer is to go to America. There is not one family in any of the villages of the four provinces of Galicia that has not a relative in Cuba or South America.

ALLIES DOMINATE RUSS

Northern Army Outnumbers Bolsheviks 2 to 1. Enemy Handicapped.

Allied forces in Northern Russia outnumber the Bolsheviki 2 to 1, it was learned yesterday.

In equipment they are far superior to the Lenine fighters.

According to reliable information, the allied troops in Northern Russia number 34,000 men. The Bolsheviki have about 17,500, American, British, French and loyal Russian troops compose the allied force.

It is divided into two bodies, over 19,000 being in Archangel, and upwards of 14,000 in Murmansk.

These facts dispose of fears widely expressed that the allied army in Arctic Russia is in danger of being pushed into the sea.

In addition to being overwhelmingly outnumbered, the Bolsheviki in this region are handicapped by an almost total lack of modern fighting arms. They have little artillery and this is practically useless, as many guns are left over from the old czarist army.

Although the Bolshevist troops are poorly clad and existing on short food rations, a strong morale has been developed. The fact that the forces of Lenine are fighting on their own soil enables their officers to arouse a high degree of fighting spirit which approaches fanaticism.

Morale of allied troops is injured because they are fighting in a strange country and must adopt an entirely new mode of life to meet Arctic weather conditions.

WOMAN BRUTALLY SLAIN

Man Accused of Beating Her to Death Held at Pottsville.

Pottsville, Pa., April 10.—William Osenbach, of Tower City, was yesterday sent to jail by Alderman Freeler, of this city, charged with the murder of Mrs. Rebecca Cordelia Haines, a woman 87 years old.

It is alleged that Osenbach choked and beat the woman until she died. E. C. Mason, State Police detective, is the prosecutor. Osenbach was arrested in Dauphin county by Prothonotary James R. Walton, of this county, who was so indignant at the crime that he personally went and brought the man to jail.

1300 MEN WALK OUT

Railroad Workmen Strike as Protest Against Discharge of Machinist

Scranton, Penna., April 10.—More than 1,300 machinists, boiler makers, blacksmiths, electrical workers and car men employed by the Scranton shops of the Delaware, Lackawanna and Western Railroad Company, went on strike at noon yesterday following the discharge of a machinist by an efficiency foreman.

The men demand that the machinist be reinstated and the foreman discharged, threatening that if this is not done, all shop workers employed by the company from Hoboken to Buffalo will be called out.

CROWN PRINCE IN SMASH

Breaks Hand and Wrist When Motorcycle Strikes Gate.

Amsterdam, April 10.—Former German Crown Prince Frederick William is suffering from a broken hand and wrist as a result of a motorcycle accident.

He was riding in company with an official of the Dutch ministry of communications and turned a corner too sharply, the machine crashing into a gate, according to a Wieringen dispatch to the Handelsblad.

S. Kann Sons Co.

BUSY CORNER" PENNA. AVE. AT 8 T H. ST.

Trimmed Maline and Hair Hate

The hair hats are almost as transparent as the malines, some quite lace-like in effect. Most of these are in black, trimmed with feathery burnt ostrich or narrow ribbon, some with a touch of jet.

In the maline are both navy and black, and many of these have burnt ostrich feathers, coin spots or small flat velvet flowers caught between the upper and lower layers of maline of which the brim is made.

Some of these hats are trimmed in small bright flowers, but the larger number are trimmed in self color.

Any of these models will be what you want to wear with your EASTER suit. Make selection tomorrow.

At $10 and $12.50

SQUEEGEE TREAD
Tires

The In-and-Outer Won't Do

The man who does brilliantly to-day,

—and then flops miserably to-morrow,

—doesn't measure up to the daily needs of this work-a-day world;

—he's not dependable enough.

Similarly, the tires you want for your automobile must be practical, dependable, matter-of-fact tires,

—the tires that, day after day, will keep on piling up mileage, and pulling down mileage cost.

Diamond
SQUEEGEE TREAD
Tires

—the tires with the red sidewalls,

—have one big outstanding feature—dependability;

—a record for taking the luxury-cost out of motoring.

If you want a tire that will make you come back for more, buy one DIAMOND.

QUESTIONNAIRE

ANSWERS WHICH WILL SOLVE PERPLEXING PROBLEMS OF THIS RECONSTRUCTION ERA.

Query.—The government has launched an educational campaign to encourage building in order to put more men to work. Would not a similar movement to show how the old structures can be best and most economically repaired and made good as new also help?

Answer.—It is learned that such a plan is in effect and is linked directly with the Washington propaganda.

Industry must be turned back from works of war to the ways of peace. Employment must be found, in the meanwhile, for those whose occupation has been interrupted. There is no real surplus of labor in the United States. Rather there is a shortage, which would be acute if normal conditions were already restored, and one step towards restoring them will come with resumption of repair work.

Government restrictions, imposed by the necessities of the war program, have for many months past retarded or altogether prevented construction, improvement and repairs. These restrictions are now off, and there is scarcely a town, a city, a factory, a dwelling or a farm that does not reveal a crying need for prompt attention. Nothing delays such instant action except the feeling that prices are high for the time being and may be lower.

That is not logical. No matter what it costs to repair, the cost is less than the cost of neglect. No matter what the cost of paint, the wind and the weather will collect a higher bill in deterioration and decay.

Query.—What do you think of paint as an investment, aside from the appearance it lends? Does it really PAY to paint a house regularly, say, every three or four years?

Answer.—Good paint properly applied when needed is the main thing in making a house last long and well. A house worth $2,500 can be painted at a cost of about $125. In 60 years that house will need about 15 paintings the total cost of which will be $1,895 Left without paint, such a house would fall into complete ruin in 30 years. So taking 60 years as a basis for our figures we find that with paint a home will last that time in good condition and will cost, plus paint, $4,375. Without paint the house would have to be rebuilt at the end of 30 years and would be ready for another complete renovation when the sixtieth year arrived. Cost, without paint, $5,000 for a home ready to fall to pieces. Does regular painting pay? As the old Dutch adage says:

"PAINT PAYS FOR ITSELF."

Query.—I have a quantity of old paint on hand. Can I use it for the first coat in repainting my barn?

Answer.—On no account should old paint which has become fat be used for priming either old or new work. Old paint in that condition is best used on a fence, brickwork or tinwork. If you value your barn sufficiently to paint it, do it the justice of a good job.

U. S. Invents Anti-Rust "Dope."

Incident to the war, the government has faced the problem that has so long proved baffling to commercial concerns of protecting iron and steel from rust. In an attempt to solve this federal specialists have perfected various forms of protective coatings. In this connection it may be pertinent to ask whether commercial uses will not be found also for the so-called "dopes" which the government has invented to be applied to airplane wings and which are possessed of valuable weather-resisting and fireproof qualities.

EFFECT OF COLOR UPON THE DURABILITY OF PAINT

Property owners who may have under consideration the painting of dwellings and other structures should remember that more durable results are obtained when tinted paints are used. Permanent coloring materials which have been ground by machine into a high grade white paint base have the effect of preventing "chalking" and "checking," two defects which are often observed when white paints are used.

N. C. PRISONS' HEAD DENIES CRUELTY

Raleigh, N. C., April 10.—In the absence of Governor Thomas W. Bickett, who is in New York, J. R. Collie, superintendent of prisons, today issued a statement declaring the charges of Earl E. Dudding, of the Prisoners' Relief Society, against the prison camps of North Carolina are "witchut foundation."

Dudding has sent a letter to Governor Bickett charging inhuman treatment of convicts in certain camps. He enclosed a statement from convicts detailing a specific case.

Collie says he inspects the camps each week and that the prisoners are at liberty to make complaints to him He says he would welcome an investigation.

BIG CAVE FOUND ON FARM IN ARKANSAS

Huntsville, Ark., April 10.—An immense cave, the largest in Madison county, and apparently one of the largest in the State, has been discovered on a farm belonging to former State Senator Lemuel Kendall situated four miles northeast of Alabama. The entrance obscure and scarcely noticeable, is near King's river.

The cave has been explored a distance of five miles, and many other passages opened beyond in an intricate and apparently endless procession. Scores of rooms, some small, but one more than a quarter of an acre in extent, were explored. There are many stalagmites and stalacites in every room. Both are united in several places, forming wonderful white columns that stand sentinel-like near the remains of strange animals and heaps of human bones.

NATURE PROVIDES THE INGREDIENTS

Argo-Phosphate, the New Herbal Remedy, Now Endorsed by Local People

If the digestive rgans are not properly performing the work which nature has assigned to them, then nutrition, which is absolutely essential to the recovery of other diseased parts, will be lacking and there can be no permanent relief. When bodily nutrition is normal, the stomach digests the food, the blood absorbs and carries the nourishment to the different parts of the body, causing the various organs to properly perform their functions.

Nature has provided a remedy in the ingredients of Argo-Phosphate, the new herbal stomach remedy, which is now being introduced here. It is purely vegetable and its vitalizing, corrective and reconstructive qualities are so pronounced that beneficial results are noticed from the first day. That this is true, it is only necessary to listen to the statements made daily by local people who have given Argo-Phosphate a fair trial and have been benefited thereby.

It is dispensed by Richard Gibson and the Rexall Store.

RICHMOND—Alice Brady

Alice Brady's latest Select Pitcure "Marie, Ltd." will be seen tonight at the Richmond Theatre.

"Marie, Ltd." is the story of a girl who gave up a career in life in order to try and repay her mother for having sent her through college. She takes a position in her mother's millinery establishment—a large, flourishing one on 5th Avenue—where she attracts attention by her refined personality and startling beauty. Colonel Lambert, an old rounder, falls in love with her. Her mother favors the match but Drina does not love him and says she will not marry him. Blair Carson, a young man whom Drina met on the train coming East, steps in at a very opportune moment and a threatening scandal is avoided. Happiness for all concerned is the result.

GRAND THEATRE

Special Orchestra Secured for This Big Production.

Picture enthusiasts who are ardent admirers of Olive Thomas will have an unusual opportunity to see this screen favorite interpret the role of a boy, when her most recent production, "Toton," is presented at the Grand Theatre tomorrow.

The picture was produced under the direction of Frank Borzage, with settings and scenes that are said to be poetry of vision, promising in every way delightful entertainment to the patrons of the Grand Theatre.

INGOMAR—Margarita Fisher

In "Put up Your Hands," an American "Flying A" comedy-drama, Margarita Fisher appears to her best advantage. Her "film intuition" is shown to brilliant advantage in the characterization that will be presented at the Ingomar Theatre tonight

The fact that mountain laurel blooms on the three great national holidays, Memorial day, Flag day, and the Fourth of July, is one reason why the National Federation of Women's Club advocates that flower for the national emblem.

"RED" REVOLUTION

Austrian Government Control of Situation Said to be Weakening

Paris, April 10.—A Soviet revolution in Austria may occur within a few days, according to semi-official information received from Vienna today.

Any threat to cut off the food supply if the country embraces Bolshevism is not regarded as convincing in view of the fact that the allies are known to be ready to feed Hungary which already has set up a Bolshevistic government.

The Austrian authorities' grip on the situation is said to be weakening.

BELIEVE METEOR FELL

Disturbance of Undetermined Nature Rocks Kentucky Towns

Somerset, Ky., April 10.—Somerset and nearby points rocked and swayed yesterday afternoon, apparently the result either of a terrific concussion or a seismic disturbance.

Extended inquiry failed to definitely reveal the cause. General opinion, however, was that a meteor had fallen in this vicinity. No damage was reported.

BREAK WITH "REDS"

Envoy of Bavarian Soviet Republic Reported Recalled From Berlin

Copenhagen, April 10.—The Bavarian Soviet republic has broken relations with the German government at Berlin, a Munich dispatch reported yesterday.

Herr von Preger, Bavarian envoy to Berlin, is said to have been recalled to Munich. Before leaving he is reported to have informed the German cabinet that the new constitution does not bind Bavaria.

PREDICTS MORE ADS FOR DAILY PAPERS

Chicago, April 10.—"Never have newspapers stood in such high esteem with advertisers." W. H. Rankin, president of the American Association of Advertising Agencies, told the executive committee, which is here to perfect plans for advertising the Victory Loan.

Mr. Rankin predicted 50 per cent increase in daily newspaper advertisements in 1919. The merchants and manufacturers, he said, have found the daily the most profitable form of publication.

Stop Itching Skin

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.

Ask any druggist for a 35c or $1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.

A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

The E. W. Rose Co., Cleveland, O.

SIN NIGHT'S SISTER IN GERMAN CAPITAL

Berlin, March 10.—A journalist in search of newspaper stories often delves into unexpected places and sees the seamy side of life, thus have I freuently made acuaintances with the night life of great cities. Immorality and night life are inseparable companions, but in Berlin they are twin sisters.

Berlin was proud of its title, "Most Immoral Capitol in Europe," before the war, and it earned it; now it can still claim it. Of course it is perfectly mad, this dancing, drinking, gambling, doping, craze.

As I write this rifle shots are ring; guns in the distance ticktack louder than my typewriter; in the hall of my hotel there is a shell-helmeted guard and a machine gun, with a neat little stack of grenades

There is a strike, but as I entered the hotel I was handed an envelope containing a ticket for the "Workers' Ball," to begin at 7 tonight; the attractions are two American bars (I am uoting the ticket) and prizes for the most beautiful and for the most original costumes. I shall not attend the ball for I know just what it will be—a lot of wind bunny-hugging fox-trotting couples and much drinking.

Tonight is the Workers' Ball—note the word—but the entrance fee is 15 marks, while a loge costs 25 and a klubplatz 50.

There are upward of a hundred dancing places going full blast in Berlin; they range from the magnificent and uite orderly Palais de Danse to the low places where the ball terminates in a free fight. Nominally dancing halls should close at 11.30, but the rule is not observed; only restaurants close, most of them, at 11.30, and most theaters are over at 10, but the wild life goes on all night long.

Berlin is becoming dirty and dilapidated looking, but gambling hells flourish, as well as discreet flats where opium is smoked. Most restaurants have orchestras which play old time American airs.

The trams and underground service stop at midnight, and then the night cabs reap a rich harvest; to live in Berlin costs roughly 5 pound daily, but one can easily spend 20 pounds nightly.

Try the Gazette Classified Column It Will bring you results.

HUNGARIAN DRUNKS WILL BE EXECUTED

Copenhagen, April 10.—The Hungarian Bolsheviks have turned temperance advocates.

The Budapest Soviet has decreed that extreme cases of drunkenness shall be punishable with death, said a dispatch from that city to the Politiken today.

Persons are liable to death also if found in the streets of Budapest after 9 p. m.

THE COSMETIC OF THE INANIMATE.

¶I am the saver of surfaces.
¶I am the world-old preserver.
¶Noah knew me, for he pitched the ark within and without.
¶The Pharaohs sought me as an adornment for their tombs—their mummies endure because I conserve.
¶I am the woad of the ancient Britons: their blue battle hue.
¶Because of me the treasures of the Sistine Chapel defy effacement.
¶I am the keeper of the antique.
¶I am the servant of progress.
¶Columbus found me bedecking the savages who watched him plant Ferdinand's banner on the shores of New Spain; and the very sails of his caravels resisted the elements of the West through my aid.
¶The pioneers westward wending their way daubed the prairie schooners with my protection.
¶I am the royal robes of civilization's monarchs, Steel and Lumber.
¶The taut wings of the airplane gleam under my protective veneer.
¶The sullen dreadnaught and the homing transport plow the seas impervious to corrosion because of me.
¶I waterproofed your agents of destruction, the bullet and the shell.
¶Then I drew the mercy of my concealing camouflage over your hospitals.
¶I glisten on the homes, and on the barns, and on the cement surfaces.
¶Where life is, I am alive.
¶Where death and decay set in my absence hastens them.
¶And my mission is to preserve.
¶Saver of Surface, I am PAINT!

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.
